

9 Emerging Artists You Need to Know About Right Now

Get up to speed.

Caroline Elbaor & Brian Boucher, July 28, 2016

From New York to Detroit, from Chicago to Los Angeles, artists are making their way from their MFA graduation ceremony to their early solo shows. Here are some of the young and youngish artists across America who are catching our eye right now.

6. Sam Moyer

Since earning an MFA from Yale, Brooklyn-based Sam Moyer has quickly racked up solo shows from underground venues like Cleopatra's in Brooklyn and Soci t  in Berlin, and will soon show at Copenhagen's Andersen's Contemporary. We're still reeling from her 2014 show at New York's Rachel Uffner that featured a 23-foot-long slab of white marble, *More Weight*, named for the words spoken by an accused witch in Salem, Massachusetts, when he was being crushed to death in punishment for his so-called sorcery.
